**Trust Me Always** by **Meagan Brandy** (B Paperback—\$27). *Boys of Avix Series*. I loathe the day I ran smack dab into the hard chest of Alister Howl, Avix University's second-string quarterback. The moment he smiled my way I should've run. And, well, I did... straight into his bed... That was before I learned he was nothing but a liar. He ruined everything before it even began... Unfortunately for me, he takes my dismissal as a challenge and comes back twice as hard... I didn't think it would work, but the man's relentless, and now I'm wavering when I'm not so sure I should... How can I be with him if I can't trust him?... And that right there is exactly how I end up at a party, locking lips with the campus playboy and ultimate bachelor, Brady freaking Lancaster... One second, I'm hiding from Alister in some sorority house and the next... I'm 'Brady's girl'... I have no idea how it happened or where things go from here... But one thing is for sure, fake dating one football player while his teammate tries to win me back is going to be one hell of a ride...

**Haunting Adeline** by **H.D. Carlton** (21.4x13.8 Trade Paperback—\$35). *Cat and Mouse Duet*. For Adeline Reilly, moving back to Seattle was supposed to be the perfect fresh start with her flourishing career as an author, and the inheritance of her late grandmother's gothic mansion... But Adeline isn't alone in Parson's Manor... It isn't the angry souls haunting the hallways of her childhood home that Adeline fears—it's the mysterious break-ins, roses appearing, and threatening messages that sound more like eerie promises... Adeline has a stalker... Yet, she quickly discovers she's not the first person in her family to fall victim to a shadow in pursuit... Her great-grandmother's haunting journals detail the story of her own phantom, and subsequently, her brutal murder... Parson's Manor holds more than just Adeline's memories—it houses a grim future that could lead to history repeating itself... If she doesn't fall in love with her stalker first.

**Phantom** by **H.D. Carlton** (21.1x13.7 Trade Paperback—\$36). *Prequel to Cat and Mouse Duet*. November 12, 1944. This house holds on to souls for a lifetime. He was terrifying, yet hypnotizing, and I couldn't deny my intrigue. I never intended to fall into a whirlwind romance with my stalker. Especially because he's so much more than that. A criminal. A mobster. The man who offers me solace from the monster in Parsons Manor. There are many that haunt these halls, yet it's only my husband I fear.

**Fragile Sanctuary** by **Catherine Cowles** (B Paperback—\$26). *Sparrow Falls Series*. The scowl should've been my first sign to stay away from Anson Hunt. The sexy smirk and the fact that he's my brother's best friend? Reasons two and three... Anson is my opposite in every way: grumpy, rude, and loves his solitude. It doesn't matter how many times I try to kill him with kindness; the man won't crack... Until he sees me shatter... When my world falls apart, Anson catches me. And as so-called 'accidents' put my life in danger, he steps in to keep me safe... But Anson has secrets. And when they're revealed, neither of us will escape unscathed...

**Take Two** by **Danielle Hawkins** (Royal Paperback—\$34). *NZ Author*. Sometimes you have to revisit your past to find your future... Laura and Doug were together for ages. Their breakup was just one of those things—she wanted children, he didn't, no hard feelings—not until, with their relationship barely cold in its grave, he got his new girlfriend pregnant... Now, seven years later, a polite social call to his parents lands Laura back in the family, helping Doug and his playboy younger brother to cope with a raft of crises. What better time to re-evaluate your major life decisions than when you're wrangling a farm, a bookshop, two small children, your ex's wife in labour and his two sick parents?

**God of Pain** by **Rina Kent** (B Paperback—\$26). *Legacy of Gods Series*. Creighton King is silent, brooding, and hostile... Still, Annika Volkov has a crush on him. What Annika doesn't realize is that behind Creighton's beauty lies a dark and violent soul... She is everything he is not: bright, lively, and the heart of every party... Creighton knows he can never outrun his past, so he unleashes his pain on others. He never expected to be drawn to the girl who is his opposite... But as Annika tries to break through his walls, he finds himself captivated by her, especially after he uncovers her wilder side... Now that he's obsessed, she'll never escape him... Can Annika bring light to Creighton's darkness, or will he pull her into the shadows with him?

**Kingmakers: Year Three** by **Sophie Lark** (B Paperback—\$26). *Kingmakers Series*. The ruthless halls of a mafia university are no place for the diminutive and gentle Cat. He offers her a devil's bargain—his silence and protection... if Cat belongs to him... Dean's twisted games of dominance have Cat doing things she never thought she'd do... But Dean's fascination with Cat might just be his undoing... At Kingmakers, love is a weapon used by the most lethal players. But brokenness can lead to strength, and sometimes, the one who holds the power is the one most vulnerable to its spell...

**Contemporary Romance & Romantic Suspense**  
**These Summer Storms** by **Sarah MacLean** (Royal Paperback—\$35). Alice Storm hasn't been welcome at her family's magnificent private island off the Rhode Island coast in five years—not since she was cast out and built her life beyond the Storm name, influence, and billions. But the shocking death of her larger-than-life father changes everything... Alice plans to keep her head down, pay her final respects (such as they are), and leave the minute the funeral is over. Unfortunately, her father had other plans. The eccentric, manipulative patriarch left his family a final challenge—an inheritance game designed to upend their world. The rules are clear: spend one week on the island, complete their assigned tasks, and receive the inheritance... But a whole week on Storm Island is no easy task for Alice. Every corner of the sprawling old house is bursting with chaos: Her older sister's secret love affair. Her brother's unyielding arrogance. Her younger sister's constant analysis of the vibes. Her mother's cold judgment. And all under the stern, watchful gaze of Jack Dean, her father's intriguing and too-handsome second-in-command. It will be a miracle if Alice manages to escape unscathed.

**The Temporary Wife** by **Catharina Maura** (B Paperback—\$26). *Windsors Series*. Luca Windsor is convinced he hates the secretary his grandmother assigned him, but he can't function without her. Valentina is highly professional, and always a step ahead of him. Despite his insistence that he'd never want her, he loses his composure the second his grandmother mentions pairing her up with another man. A dance leads to a kiss, and the lines are blurred... Except Luca has always known he'd end up in an arranged marriage, and he knows Valentina isn't on his grandmother's list (or so our silly hero thinks). He attempts to distance himself from her, but is unable to, going as far as reinforcing a companywide anti-dating policy to keep her from seeing anyone else... When Valentina experiences a personal crisis, he demands the ultimate price for help he'd, unbeknownst to her, already given her—her hand in marriage... The two start a marriage of convenience, and along the way, they learn they're better suited than they ever thought possible, leading them to rethink the 3-year timeline they put on their marriage.

**Arrows and Apologies** by **Sav R. Miller** (B Paperback—\$26). *Monsters and Muses Series*. Mayor Alistair Wolfe had one job: hire a new assistant... Preferably, someone who would look good in the position and not cause any scandals. At least, that's what the criminals funding his career want... He definitely wasn't supposed to blackmail his one-night stand into working for him. Especially considering that she's a blue-haired, tattooed thief with an attitude... Cora Astor wasn't looking for a relationship. She wasn't even really looking for a job, but having an in with the mayor of the island where her brother went missing seemed like a good idea... She didn't expect her new boss to be the hot, British stranger she hooked up with the night before her interview, or for him to be so brazen with his desires. Now, despite her disdain for the dirty politician, she's entwined their lives so tight that escape seems unlikely... Not that he'd let her go without a good chase.

**Contemporary Romance & Romantic Suspense**  
**You Know It's Love** by **Jen Morris** (Print-On-Demand Paperback—\$27). *NZ Author. Love in the City Series*. I have three rules for dating: 1. Always be my best self. 2. Don't put out too soon. 3. Stay the hell away from anyone like my ex-husband—including liars, cheaters, guys with more looks than substance, and (especially important) bartenders... Everyone says you "just know" when you meet the one, but the only thing I know is New York men are the worst. So when Myles, the cocky, tattooed bartender at my brother's bar starts hitting on me, it's a hard pass, thanks. I won't make that mistake again... Besides, I have enough going on with my ex trying to run my vintage clothing store out of business. So what if I'd rather be selling my own designs? I have bills to pay... But it turns out Myles is good at more than just looking sexy while pouring drinks. He knows how to save my business, and that's an offer I can't refuse. Everything else he's offering? Not interested—not in the slightest. Not even if he could be the best mistake I ever make...

**Sounds Like Love** by **Ashley Poston** (B Paperback—\$25). Joni Lark wants to create the melodies that get stuck in your head and your heart... Her hometown has always given her surf, sand, and inspiration. But when her parents decide to close the family music venue, Joni's life begins to fall off key—she couldn't possibly write another song. Until a melody comes to her, half-formed, and with an imagined voice that she can't forget... But when the very real, aggravating man behind the voice shows up in Vienna Shores—Joni can no longer deny their inexplicable telepathic connection... To get out of each other's heads, they'll have to finish the song haunting them both. Hudson suddenly finds himself saying 'I do'.

**A Tarnished Canvas** by **Anna Lee Huber** (20.1x13.0 Trade Paperback—\$44). *Lady Darby Mystery Series*. March 1833. Kiera and her husband, Sebastian Gage, have settled in Edinburgh for the winter with their infant daughter. This allows Kiera to enjoy long hours painting in her studio, making progress on the portraits she hopes to unveil in her own exhibit. She's thrilled when she receives an invitation to the auction of the late Lord Eldin's coveted art collection, and she and Gage eagerly accept. When the floor collapses beneath the gathering, killing one of their fellow bidders, Kiera and Gage are lucky to escape with their lives... Within days it becomes apparent that what at first seemed to be a terrible accident is actually something more nefarious. Someone deliberately compromised the integrity of the structure, though the police are unsure of the culprit's aim. Sergeant Maclean requests Kiera and Gage's assistance in figuring out who would wish to harm the bidders. As they dig deep, it becomes apparent that the victim was not the killer's intended target... and that Kiera was lured to the auction deliberately. Kiera and Gage must utilize all their resources to unveil a monster willing to risk the lives of dozens of bystanders to achieve their ends. But they're on the verge of making a dire miscalculation. For one of the cleverest tricks in a painter's repertoire is the art of misdirection, and their eyes have been drawn far from the gravest danger.

As Lydia slips past his defenses and his brother's mysterious past becomes a very present threat, Arthur will have to risk everything to keep her safe—even his heart.

**An Improper Agreement** by **Audra Wells** (Print-On-Demand Paperback—\$35). *Improper Agreements Series*. Clara has been missing from the London marriage mart for six years and is reluctant to return. That feeling only grows when she happens to meet Lord Eaton—a rather arrogant, proud earl who vexes her from the moment they first meet. Not wanting to allow herself to be put down by a pompous, self-righteous man, she agrees to the silly game he proposes. The first to make the better match by the end of the season... wins... Wesley had not intended to meet Miss Carrow in the hedge maze in the dark of night—but that is precisely what happened. He can't help but get a rise out of her when he finds that she is entirely too entertaining to tease. Now, they are stuck in a cut-throat competition to see who can land the better match by the end of the season... There are no rules in their secret game—a fact that Wesley overlooked when proposing the idea. Now his plan to pursue the daughter of a duke is quickly crumbling before his very eyes... and not just because of Miss Carrow's meddling. Miss Carrow herself begins to prove to be an unwanted and unplanned distraction... Will either opponent succeed? Or will they stumble upon something deeper as they spend more and more time in each other's company?
